## G.T.P. ENDS OF STEEL DRAWING TOGETHER

Engineer for the Government, Returns From Trip Over the Line West of Edmonton—Little Trouble for Labor.

Ottawa, April 17.—Between the eastern and western ends of the Grand Trunk Pacific railway, so far constructed, there is a gap of 490 miles upon which rails are yet to be laid to complete the line through to the Pacific coast. This is the report which is brought back by Collingwood Schreiber, C. M. G., consulting engineer for the government, who has just returned from a tour of inspection of the G. T. P. Mr. Schreiber went through as far as Tete Jaune Cache, a point fifty miles beyond the Yellowhead pass.

The line is now raised for 276 miles west of Edmonton, namely, to a point thirty miles west of the Yellowhead. From Prince Rupert eastward rails are laid for a distance of 144 miles. The intervening gap of 410 miles does not present any very difficult engineering problems. In fact, Mr. Schreiber says, it is probably the lightest section of the mountain district.

From the western terminus, the steel grading is completed for a further distance of twenty-five miles, over which portion of the line track laying should be finished by the end of this month. Beyond that again there are some eight steam shovels at work on the grading. At the other end the contractors are working westward up to 245 miles east of Prince Rupert, or within a mile or two of Aldermore. While there appears to be no actual scarcity of labor the contractors are somewhat hampered by its unsteady conditions.

**Will Surely Official.**

Montreal, April 17.—The officials at the Royal Bank say there is nothing to be said regarding the Waterways case, except that the judgment at Edmonton will be taken to the privy council. Steps to that end have already been taken.

### "Wags" Lead in Option Vote.

Sixth Falls, S.D., April 17.—Twenty-four of the cities and towns in South Dakota voted yesterday on the question of granting license to railroads. Pierre remains wet by a majority of 68. Yankton cast over 200 majority for railroads. In most of the towns so far reported the "wags" have a big lead.

### HAMILTON SENSATION.

Toronto, April 15.—As the eleven o'clock train from Hamilton pulled into the Union station here today an excited man rushed up to a policeman and asked him to arrest his wife, who was eloping with another man then on board the train.

The woman refused to return with her husband, but handed him \$250 of the \$300 which she carried, kissed him, and hailed her second affiance on to the Montreal train, which was just moving out. All are said to be well known in Hamilton.

## VICTIMS BODIES WILL NEVER RISE TO SURFACE

This is Belief Expressed by Prof. Holt, Wood—Presented at Boston.

At Ocean at This Point Six Thousand Feet in the Square Inch.

Baltimore, Md., April 17.—The bodies of the victims of the Titanic are at the bottom of the deep never to rise, declared Prof. Robert Wood, of the Chair of Experimental Physics at Johns Hopkins University today. "It is almost impossible that any of the bodies will ever rise to the surface of the water," he said. "The case with bodies drowned in shallow water is different. In the case of the pressure of the water is something like six thousand pounds to the square inch, which is far too great to be overcome by buoyancy ordinarily given drowned bodies by the gases that are generated in them."

"That the bodies sank to the bottom of the sea there is no question," he continued. "The Titanic's victims who were not carried down by the boat followed into the very bottom of the sea was reached. There is no such thing as their stopping in their downward course a half a mile, or at any other point."

"Great changes have necessarily been wrought in the vessel already by the enormous pressure to which it has been subjected. No effect, however, was produced on any portion, or compartments or room to whose inside as well as outside will the water has access. In such instance the pressure from one side neutralizes that from the other."

"But, wherever there was an air tight or water tight compartment, the six thousand pounds to the square inch pressure of water had crumpled these walls as if they had been tissue paper."

### ORGANIZER ADMITS HE WAS DEFEATED

Sinclair, Who Endeavored to Form Union Among Street Railway Men of Calgary, Leaves Without Accomplishing Object.

Calgary, April 17.—Street railway organizer Sinclair left the city last evening for the east, a defeated man. Before leaving he admitted that he had failed in his object to organize a street railway union in Calgary. His failure was due to the fact that in this city the railway is a municipal proposition; also that the men are satisfied with the treatment that has been accorded them by Superintendent McCulley.

Another reason for the failure of Organizer Sinclair was that his method of working did not meet with the approval of the majority of the men. Yesterday Sinclair declined to make any statement, except to say that he

had not been given a square deal, stated of the street railway superintendent or the city commissioners.

Superintendent McCulley said last night that the matter was between Sinclair and the men, and the men decided they did not want a union.

A reporter, was talking with several of the street railway men today afternoon at their meeting room at the corner of Second street east and Eighth avenue, and the consensus of opinion was that they were glad the union proposition was dropped and that the question was at an end.

They were satisfied with present arrangements, and any time they had any kick and wanted a change in their schedule, they felt that they could approach the superintendent and that he would give them a hearing and a square deal.

## WINNIPEG PLAYERS MAKE A DECIDED HIT

Said That The Strollers Dramatic Company Have Given the Best Performance up to the Present in the Earl Grey Competitions.

Ottawa, April 17.—The Strollers Dramatic Company of Winnipeg made a decided hit in the Earl Grey dramatic competition tonight by their capable presentation of George Bernard Shaw's comedy "You Never Can Tell."

On Monday night the Theatre of Montreal made a favorable impression with the presentation of the "Amateurs," last after the performance of the Winnipeg company tonight, it was generally conceded that the contribution was the best so far.

There was a fair sized and ultra-rational audience to the applause accorded the performers throughout was both frequent and vigorous.

The vice royal box was occupied by the Duke and Duchess of Connaught and a party from government houses. Another box was occupied by Hon. C. Cameron, Lieut. Governor of Manitoba; Hon. Robert Rogers and Mrs. Rogers. A regrettable feature in connection with the competition in the inability of Sir John Hare, owing to illness, to judge the dramatic contest. Sir John has been confined to his room since his arrival in the city. Tonight it is announced that he is threatened with pneumonia. He will not be able to take part in the judging and the work is being performed by the committee chosen for the purpose.

### WILL REPRESENT CANADA.

Ottawa, Ont., April 15.—W. T. McGovern, Dominion horticulturist, has been appointed Canadian delegate to the Royal International Horticultural Exhibition, which is to be held at South Kensington, London, England, this year. It will open May 22nd and will be the greatest horticultural event of the world during the present generation.

## An Easy Way To Clean The Hands

Women who have to do dirty housework like blacking stoves and cleaning vegetables, find it difficult to keep their hands really clean. It's the same way with machinists, engineers, firemen, brass founders, shoemakers, chauffeurs and other men.

The best way to get rid of the dirt quickly is to use SNAP—a preparation of finely powdered gum arabic, glycerine and neutral oils. After a few seconds rubbing the stoves and dirt disappear, and on rinsing, the hands feel delightfully soft and smooth.

## CONGRESS ACTS IN TITANIC DISASTER

Resolutions Introduced in Both Houses Direct a Thorough Investigation into the Cause of the Disaster.

Washington, April 17.—Congress acted swiftly today on the Titanic catastrophe. Bills and resolutions designed to prevent a repetition of the awful disaster off the Newfoundland banks, passed in both houses. The senate agreed to a resolution directing a thorough investigation by the commerce committee into the causes leading up to the wreck of the Titanic, with particular reference to the inadequacy of life boats.

This resolution, the first introduced in the senate, presented by Senator Smith, of Michigan, who ranks next to the chairman of the commerce committee, was passed by unanimous vote in one hour and twenty minutes. Senators Martin of New Jersey, and Perkins, of California, the latter chairman of the naval affairs committee, also introduced bills.

Senator Martin proposed that the President be advised that the senate would favor treaties with maritime nations to regulate the ocean craft and their passengers and crews.

### HORSE SHOW CLOSES

F. C. Lowes, of Calgary, Was Largest Individual Prize Winner at the Annual Event.

Calgary, April 12.—The horse show closed tonight with a record attendance. It has been one of the most successful affairs of its kind ever occurring in Canada, exciting interest all over the Dominion. The association will consider the proposition of the construction of a much larger building. The attendance totaled about 15,000. The total prizes were not quite eleven hundred. F. C. Lowes of Calgary was the largest individual winner of prizes.

Ottawa, April 12.—Advice which have been received at the railways and canal department indicate that the St. Lawrence canal will not be able to open first of May.

## IN THE REALM OF WOMAN

BY PENELOPE

An Ottawa despatch says that Hon. Frank and Mrs. Oliver, who accompanied their son, Allan Oliver, to Montreal, have been spending the week in that city. Allan Oliver underwent an operation upon his leg at the Royal Victoria hospital at the beginning of the week, and is progressing most satisfactorily.

The readers of these columns will be pleased to hear that Mrs. Baynes has decided to remain in Edmonton at Government House during the summer.

Mrs. Gordon Armstrong, 478 39th street east, will not receive on Friday for again this season.

C.W. Cross, who goes to New York to meet Mrs. Cross on her return from Europe, arrived home with her last evening.

Mrs. Marriot, of Toronto, is visiting her son and daughter-in-law, Major and Mrs. Marriot, South side.

Mrs. Hunt, Winnipeg, is in the city, the guest of her brother and sister-in-law, Mr. and Mrs. G. D. Hunt.

Dr. and Mrs. Heger, who are guests at Oak Bay hotel, are expected to return to the city next week. Mrs. Heger has benefited greatly in health.

Mrs. Cross, Toronto, who has been the guest of her sister, Mrs. Kerr, leaves for her home shortly. Prof. and Mrs. Kerr going East with her.

Mrs. Percy Barnes is entertaining her tea hour on Friday for Mrs. McCarter.

Mrs. Herring Cooper was in the city to-day.

Mrs. Park has issued invitations to a bridge party for the young ladies on Monday night. The list of honor being her sister, Miss McKee.

The tea given by Mrs. Kerr, South side, was very charming, a great many smartly gowned women from both sides of the river gathered in the regular business and her cheerful friends.

Mrs. Kerr received her guests in a dainty feast of lavender all of heavy texture, with subtle hints of pink and blue, and a few delicate touches of white.

Mrs. Dorothy Cross, who assisted in receiving, wore a smart afternoon dress of pink satin over satin.

Mrs. Bowers, Mrs. Jamieson and Mrs. Edwards assisted the hostess in the drawing room.

The tea table waited a breath of spring, green and blue, the colors chosen. Long pale green satin gowning stretched diagonally across the table, finished with a bow at each corner. Sprays of lilacs of the valley curved gracefully from a cut glass basket, made a picturesque central decoration, tall vases of the same delicate bloom adding a touch of beauty.

Green with a touch of blue, the delicate refreshments, here Mrs. Kerr and Mrs. Chaffey were visible. Mrs. Marriot cutting the top from another table.

Miss Hubbard and Miss Heger served the dainties.

The guests included Mrs. Horace Harvey, Mr. Alexander, Mrs. Sheld, Mrs. McCarter, Mrs. Perrie, Mrs. Waltheries, Mrs. Layville, Miss Lavinia Madeline Cauchon, Mrs. Anderson, Mrs. Malcolmson, Mrs. Dickie, Mrs. Ford, Mrs. Ewing, Madame Bonnet, Mrs. Heber-Jamieson, Mrs. Pitt, Mrs. Riddell, Mrs. Lehman, Mrs. Frost, Mrs. A. J. McLean, Miss Ann Fraser, Mrs. Frances Smith, Mrs. de la Wille, Mrs. J. W. Jones, Mrs. Green, Mrs. David Howard, Mrs. Horne, Mrs. Madeline Bonnett, Mrs. Cauchon, Mrs. Downes, Mrs. McKee, Mrs. Malone and others.

The old English tea, to be given by Mrs. B. L. L. is a very nice one, dainty, promises to be a great success. Dainty maidens in cap and apron will minister to the wants of the callers. There will also be a candy booth. The proceeds will go to the fund for the purchase of a piano for All Saints' house for girls.

#### MARGARET ANGLIN TONIGHT

As there is only one Margaret Anglin on the stage, she and her manager, after careful consideration, have decided "gradually" in their advertising and public announcements to style the brilliant actress as Miss Anglin, thus eliminating her first name. They recognize that it may be difficult at first, to accustom the public to the new style of naming Miss Anglin, so it is their intention to go slowly, and they hope ultimately to establish the name permanently. There is plenty of precedent for this step and it strikes one as a very distinguished and agreeable proceeding.

#### "MISS NOBODY FROM STARLAND"

It is said, that without doubt, "Miss Nobody From Starland," the big musical comedy which will be seen at the Empire Theatre, Monday, Tuesday, Wednesday, and the most successful and pretentious production ever staged by M. H. Singer, who has the honor to support the clever prima donna, Olive Vail, and the elaborate equipment of scenery and costumes. The continuing, it is said, is a revelation, letting a new path for the lavish dressing of musical comedy. Included in over a score of musical numbers are almost an equal number of songs, hits, and among the spectacular novelties is the famous dress rehearsal scene.

## DEBURNING

Bulletin News Service.  
Bellevue's growth and progress have long since become a certainty. The people are earnest, enthusiastic and each and all interested in their town's prosperity. The stamp of business men and town builders generally, is all that a new town could desire.

Word has been received from the authorities that the material for our new station is being held at Mirror to be rushed through at the earliest opportunity. We have been notified that the depot is safe and will do credit to the town.

The town turned out en masse last evening and hurried a wide boulevard across the western boundary. They joined completing the award at various conveniences.

The board of trade are adding contributions for sidewalks. The townships have donated generously and will be on the main streets will be laid in a week or so.

The Anglican and Methodist denominations are energetically working for funds for their respective churches which they hope to erect in Bellevue this summer.

Work has begun in earnest throughout the farming community in our district. Farmers anticipate the condition of soil never better than this spring. Plowing, harrowing and sowing have commenced this week.

Mr. Dillmore has two hundred acres almost ready for crop now. Plenty of seed grain for sale in this neighborhood. Mr. Dillmore has been a sample of last year's wheat in Calgary and in the test it went ninety-eight per cent.

The young ladies of the Methodist church are preparing a humorous evening's entertainment to take place in Bellevue town hall on Friday evening, April 26th. The old maid convention in the title and the committee in charge are sparing no effort towards making the entertainment enjoyable and one long to be remembered.

Thursday evening of this week there will be a mammoth dance under the auspices of the St. James church building committee.

## ENNSPAHL

The Innisfail town band's annual

ball on Monday was an unqualified success. Johnson's Opera House being leased to keep everything in high gear, and this was done to the enjoyment of some 250 persons, who attended. The town band gave delightful selections and Johnson's orchestra supplied the rest of the music. The local band of a few bands to beat anywhere—drums, cornet, (town band leader) and piano. Supper was served at midnight, tables being laid for fifty participants. All ended merrily at the marriage hall at about 1:45 a.m.

## DEBURNING

Bulletin News Service.  
Bellevue's growth and progress have long since become a certainty. The people are earnest, enthusiastic and each and all interested in their town's prosperity. The stamp of business men and town builders generally, is all that a new town could desire.

Word has been received from the authorities that the material for our new station is being held at Mirror to be rushed through at the earliest opportunity. We have been notified that the depot is safe and will do credit to the town.

The town turned out en masse last evening and hurried a wide boulevard across the western boundary. They joined completing the award at various conveniences.

The board of trade are adding contributions for sidewalks. The townships have donated generously and will be on the main streets will be laid in a week or so.

The Anglican and Methodist denominations are energetically working for funds for their respective churches which they hope to erect in Bellevue this summer.

## LONDON NEWSPAPERS AGAINST ROOSEVELT

Roosevelt in Disfavor With Writers of English Newspapers—Estimated by Editor His Defeat—Attitude Toward Judiciary is Peculiarly Repugnant to the British Mind.

London, April 17.—The general tone of the British press with reference to the presidential situation in the United States is anti-Roosevelt.

Noting their views on daily despatches from London, staff correspondents in New York and Washington and such American newspapers as reach their offices (papers published west of Broadway are strangers to just exchange desks over here) London editors practically without exception, and with evident satisfaction, are predicting the ex-president's defeat at the national convention.

Incidentally, the column's position regarding the judiciary is shown to be peculiarly repugnant to the British mind.

Here are some typical expressions, all printed on the same day.

Westminster Gazette—"Tactics rather than statesmanship, rather even than frankness, have continuously characterized Mr. Roosevelt's attitude towards the tariff since this issue was first raised within the Republican party by the progressive Republicans in 1907."

On the trusts also Mr. Taft's record is better than that of Mr. Roosevelt's. The trusts were seldom in disfavor when Mr. Roosevelt was president; and the evidence before the Smiley committee concerning the absorption of the Tennessee Coal and Iron company for the steel corporation suggests that a big concern like the steel trust could not wish for a more accommodating executive than the ex-president.

Evening Standard—"Mr. Roosevelt's chances of being president of the United States for a third time are rapidly vanishing into thin air. Mr. Taft may not be the ideal candidate from the British point of view. His latest proposal, happily rejected by Senate, that the toll on the Panama canal should be remitted to American vessels, has been calculated to benefit our commerce. But even such a candidate is to be preferred by all reasonable men to a politician who sets the pernicious example of using his prestige to support the doctrine that judges should be recalled if a majority of voters disapprove of their decisions."

Full Mail Gazette—"Two things we believe are vibrating against Mr. Roosevelt and will bring about his defeat, despite the power of his personality. The first is that he cannot free himself in the eyes of the electorate from the suspicion of personal ambition; the second, and more important, is that the public instinct perceives that the immensity of the judiciary from the pressure of the popular vote is essential to the maintenance of sound law. Mr. Roosevelt has gone

too far and he will have to pay the penalty."

Globe—"Mr. Roosevelt is conducting a raising campaign, thick with denunciation of his erstwhile friend and colleague, but so far it seems to have had little more effect than beating the air or tilting at windmills. As far as we can judge, Mr. Roosevelt would have done better to have left out some of his charges of corruption against the party managers; he would have been well advised never to have mentioned the popular election of judges, a proposal which has rightly repelled the best American feeling."

**NEW STEAMSHIP LINE**  
Canadian Submit Proposal for Jamaica-Hatfield-Boulevard Line Boston as Port of Call

Kingsport, Jamaica, April 17.—The Jamaican government has authorized the negotiations with the Canadian government for the subsidizing of a line of steamers to run between Jamaica and Hatfield, thence to England, with Boston as a port of call in the winter.

A proposal has been submitted to the government by Canadians, making to the formation of a million dollar company to acquire 50,000 acres of vacant lands on the north side, recently taken over from a New York company. The scheme provides for an electric tramway service for the transportation of bananas to the port.

Winding up H. B. & Pacific R.R. Co.

London, April 17.—Application was made yesterday before Justice Reddie for compulsory winding up of the Hudson Bay and Pacific Railway Co. Counsel for the company opposed the application, and asked his Lordship allow the motion to stand over for a month when the petitioners were desired it could be paid off. The company was raising funds for the construction of the railway. His Lordship readily granted the company's application.

Miners Favor New Scale.

Indianapolis, April 17.—Seventy-five per cent. of the soft coal miners have voted in favor of the proposed new coal wage agreement. It was stated today at the offices of the United Mine Workers of America, of 11,000 tallies counted so far 75 per cent. are favorable. It was said, and the votes accounted are those of a few small scattered local unions.

Told to Vote For Taft

New Haven, Conn., April 17.—Four delegates at large to the Republican national convention were chosen today by Connecticut Republican state convention and by resolution instructed to vote for the re-nomination of President Taft. The resolutions requested the district delegates to vote for Taft.

The district delegates were chosen by separate conventions, these elections being later ratified by state convention. Of these, two are instructed for Taft.

## GOODVIN TOWNSITE

One of the future cities of Northern Alberta, situated at the junction of the McLeod and Athabasca Rivers 120 miles from Edmonton, on the direct route to the Peace River District.

There are large timber limits immediately across the Athabasca River from Goodvin estimated at 200,000,000 feet, also immense deposits of lignite coal within a few miles.

The C.N.R. have purchased the land immediately surrounding Goodvin.

### NEW ORLEANS SWEEP BY TERRIFIC TORNADO

Offered in South Louisiana from the Gulf and West. The storm was a terrific one, and the damage was done in a few minutes.

New Orleans, April 17.—Several persons were killed and a large amount of property damaged in several South Louisiana towns during last night's terrific storm. The damage was done in a few minutes.

The dead are: John Williams, Plaquemine, struck by lightning; Frank Monahan, Natal Bay, struck by lightning; Chas. Gies, Goodhue, caught in the collapse of a house. John

Hamilton, near, Matcha Bayou, struck by lightning. A wind storm swept through the north of New Orleans and a mill and several residences were wrecked. The damage was done in a few minutes.

**RED DEER.** Bulletin News Service. A very interesting feature in the advancement of Red Deer is shown in the report of the assessor of the town of Red Deer, which was presented to the council this week. The assessment this year is based on the full land value and personal property, and to improvement on the land are assessed.

The total of the assessment this year is over one million dollars, an increase over that of last year, and are as follows:

Land assessment ..... \$4,826,825  
Personal property ..... 269,500  
Total ..... \$5,096,325  
Less exemptions ..... 539,300  
Total ..... \$4,557,025

The assessment for 1911 was \$2,472,595. The school assessment this year is \$5,150,000. Those figures are very gratifying and show the rapid manner in which Red Deer is growing.

It must be also considered that these figures do not include North Red Deer, Highland Park, Red Deer West or West Park, residential subdivisions of the town, in which there has been a great amount of building during the year, but which are not included in the town proper.

The C. P. R. company's receipts here for the first three months of 1912 show an increase of about 100 per cent over the same months of 1911.

The building permits for the month

of March amounted to \$11,946, as compared with \$12,359 for March, 1911. In the Dominion land office the total receipts for the fiscal year ending March 31, 1912, were \$21,292,252, being an increase of over \$11,000 over last year.

The revenue from mining lands last year was \$1,674, while this year it went up to \$12,194. Owing to the rapid manner in which the Red Deer land district has been settled there are now only about 5,000 quarters of land available to homesteaders.

The Young Men's club, which is virtually a branch of the Y. M. C. A., and which have room in the basement of the Methodist church here, gave their first annual banquet on Thursday evening to the members and their friends, and a grand evening was spent. The program was well arranged, and the guests sat down at about 7:30 to a beautiful repast, after which the following toast list was given: The King, Rev. Robert Pearson; Our Country, Wm. Robertson; Our Club, W. S. Coote, H. Walker; Our Town, W. M. Wilson; W. Greig; Our business interests, E. G. Johns, R. L. Gasts; Our Professional interests, L. J. Porter, Dr. McKinnis, W. E. Payne; Our Social interests, Rev. C. H. Hunter; Our Educational interests, A. W. Wilson, J. F. Boyce; The Ladies, Jan. Mann, Fred Turnbull. Many of the speeches were very interesting, and vocal and instrumental selections were rendered during the evening, and though the evening was late in drawing to a close every one was much pleased with the banquet so well spent.

James Harris, of Brenville, Alta., passed through Red Deer on Sunday on his way home after spending the winter in California. Mrs. Harris is still with friends in the States.

W. Nelson, of Vernon, B. C., an ardent musician, arrived in Red Deer this last week to make his home here. Mr. Nelson will be a great addition to the Citizens' band.

We were greatly disappointed that the James-Fax company, who were billed to give an entertainment in the Lyric theatre this week, were unable to give it at the last moment owing to trouble with their house managers. We hope to see them return later and show in our new theatre.

The order of the day is clean your yard and beautify Red Deer by doing so. Red Deer is to be the garden city of Alberta, and every citizen is urged to share in it.

The council have been busy this week with a large gang of men under sup. Mifflin repairing plank sidewalks, crossings, cleaning boulevards, etc.

Mr. Michener, M. P. P., left this week for Vancouver, B. C., and other coast cities on a business trip. Our worthy member has purchased through the McLaughlin agent here a beautiful 40 H. P. touring car of the noted McLaughlin make, and expects to take delivery of it in a few weeks. This will be by far the best auto in Red Deer, and we are glad to see such a good class of cars becoming general.

A large number of the citizens of Red Deer attended the Calgary horse show and were greatly pleased with it.

Fred J. Caracallen, of the real estate firm of Malcolm and Caracallen, has returned from Vancouver, B. C., and will be in town for a short time before returning to the West with his family where, we understand, he will make his home for a time, as his firm has opened a branch office there.

Capl. M. J. Herbert of Pine Lake was a visitor in town on Saturday. Red Deer, April 15.

**ROUND HILL.** Bulletin News Service. Mrs. E. Isoman is visiting at Camrose.

We regret to announce the death of Mrs. E. Shaw, the unfortunate lady only having been in this country but a short time, coming from Nebraska about two months ago. She leaves her husband and two children. Much sympathy is felt for them in their bereavement.

Mr. and Mrs. Anton Ogden visited the former's parents at Bawit during Easter.

Mr. Row is transacting business at Camrose.

Mr. Sampson, of Camrose, paid us a business visit yesterday.

Mr. Fletcher, of the L.H. Co. is in town today.

Mr. Watkins, of Edmonton is visiting Mr. G. Robinson.

Mr. A. Dreger was a guest of Mr. and Mrs. Forgest during Easter.

Mr. Lally, of Strathcona, renewed his acquaintance at Round Hill during Easter.

It is rumored that a dance will be given at Mrs. Isoman's on Saturday next.

Owing to bad weather, the attendance at the meeting last Friday to organize a local branch of the U.P. of Alberta was very small and was Don't forget the social to be held at Mrs. Forgest's next Friday. All are welcome.

The coal itself is most suitable for domestic purposes and industrial uses; it burns to a whitish brown ash, without the sign of clinker and is a higher grade than most lignites.

A rough estimate gives the mines 20,000,000 tons of coal—an amount not overestimated—but rather under-estimated in order to be on the right side.

It might be well at this point to mention a few examples of coal investments in Western Canada, merely to give you an idea of what may be anticipated in this vast mine that we are now offering for subscription in Edmonton. One man, a cook, invested \$10 in a coal mine in the Crow's Nest, and sold out his holding for \$100,000 in fifteen years. A lady received from her interest in a coal property on Vancouver Island \$100,000 a year for ten years, or a gross income of \$1,000,000. There are hundreds of similar cases which we might quote but are sure you will realize the importance of coal in Canada, both as an investment and a commercial article. Coal mines are now working night and day throughout Canada and are positively refusing orders on account of the huge demand made upon them, and the contemplated influx of people yearly tend me to believe there will be a continuance of this demand for years.

## Concerning The Value of Coal Today

It is practically impossible to give you an accurate idea of coal value, common sense will lead you to a more intimate relation with its wealth. But the coal mining proposition as laid before you today is one that we can talk about. It is not a gamble but an assured fact, one that will net you huge returns for your investment.

We are offering you stock at this moment at 35c, within a short period this price will be enhanced to 50c, a difference of 15c. per share; your profit of 15c. within a short while. Can you afford to lose this chance that is opening up before you so rapidly? Allow us to advise you concerning this coal investment, and fill in the coupon below; it will be to your advantage, and you will see the wisdom of our urging within a short time.

## WIDENING OF STREETS MUST STOP THEY SAY

City Commissioners Unanimously Decide to Discontinue Further Applications For the Widening of Streets in the City.

That the wholesale widening of the streets of this city must be discontinued is the unanimous decision of the city commissioners. The matter has been rapidly approaching that stage when something must be done to stop the applications as they are daily reaching the city hall from various property owners on different streets that the roadway be widened. This morning the mayor and commissioners expressed themselves most emphatically on the question.

"The city council and the people at large don't realize the cost it means to the city," declared Mayor Armstrong. "Why, the applications

are going to come in in wholesale fashion. And as a matter of fact, the requests for widening the streets are not made in the interest of the city at large. The petitions are from those who think they will gain by an advance in property values. It's a real estate cheat on they are after."

Commissioner Harrison thought that the requests for the widening of streets should come from the city council after the street had been widened and found too narrow. He suggested that all further petitions be referred to the council so that the public works committee might look into the necessities of the case.

"At the present time these petitions are coming from citizens interested in a real estate boom in that particular street," he declared.

"The foolish part of it is that people seem to think that if they have a residential street widened to eighty feet it promptly becomes a business street," complained the mayor.

"Suppose it was decided to widen Twenty-eighth street," broke in Com-

missioner Chalmers. "It would take about four right-of-way agents all summer to acquire the necessary property. The whole business means a great increase in the work of the engineer's department too."

The city solicitor has a protest, too. He sent a letter to commissioners this morning in which he points out some of the results of the wholesale widening of streets.

"Last fall," he begins "the widening of all the lanes in the Hudson Bay reserve, in blocks 1 to 7, from McKenna avenue to the lane north of Jasper avenue, was advertised as was also the widening of part of Wilson and Edmonson streets. In dealing with these matters the charter requires that compensation shall be made to all the owners, contractors and occupants. The result of this is that an enormous amount of work will be required to be done in order to make a bargain in regard to each lot abutting on the highways to be widened, and in some cases it may be necessary to arbitrate."

"To give an instance: The widening

of the lane in block 4, Hudson Bay reserve, affects some sixty lots. Upon obtaining the necessary property from the land titles office I find that the number of owners, mortgagees, persons entitled under agreements of sale and others amount to 192, and I presume that about the same number of lots will be affected on each lane. The result is that at least six different persons will have to be settled with in regard to the widening of these lanes. Adding to this Twenty-eighth, Kirkness, Wilson and Edmonson streets, there will be from 1,500 to 2,000 different settlements to be made.

"In my opinion," Mr. Brown concludes "it would be giving a great amount of work for one man and I would therefore suggest that you take into consideration the expediting of a purchasing of right-of-way agent for city, a period of three or four months in order to have the matter closed out with some degree of expedition."

FOUR LINERS HELD BY FOG.

Four Thousand Passengers Waiting for Fog to Lift Off St. John.

St. John, N.B., April 16.—Held to a demand for four great liners, with nearly 4,000 passengers for this port, anchored outside the harbor. The Allen liner Corbin, with nearly a thousand has been off of Port of St. John all day. The Donaldson liner Saturnia, from Glasgow, with 795 has been anchored several miles west of Cape Sable all day. The C. P. R. liner Montrose, with 1,000 on board, is supposed to be off Cape Sable and the Hamilton-American liner Fox, with 1,100, is anchored twenty miles down the Bay of Fundy. In wireless message to the station here, the commanders all say the scene is enveloped in a cloud of fog black as night and this evening, owing to lightning, wireless communication is difficult.

Nelson Firing on Trial.

Nelson, April 16.—John Bradshaw, the suspected druggist, is on trial today. The chief witnesses were detectives employed by the provincial government and R. R. Scott, an amateur detective from Dalhousie. Evidence was to the effect that Bradshaw was seen to go into an alley at the rear of the building where the fire occurred the evening before the fire and that he was in fact on hand before the fire broke out.

Verdict of Accidental Death.

Prince Albert, Sask., April 16.—The coroner's inquest concerning the death of Robert Deason and James Houtman, who lost their lives in the fire at the Hotel cafe on March 25th, this afternoon, gave a verdict of accidental death.

## Ideal Farm Property

You have been able to get a good price for your farm back home and are now looking for some place to settle down in this newer country.

Well, here is one of the best propositions which you will find in any office in town.

We have for sale the Angus McLeod Farm, which is the East 1/2, Sec. 16, Tp. 51, Range 25, W. 4th M., lying just 10 miles south of the city limits, near Big Island and almost on the new Automobile Driveway which will cross the Saskatchewan just below the island.

This means that you would have just one hour's hard to market.

Not only that, but the C.P.R. siding to the White Star Coal Mine is only two miles away. This is important in handling grain.

Speaking of grain, Mr. McLeod took over five thousand bushels off the 165 acres which he had under cultivation last year.

The farm buildings are excellent and consist of a substantial 8-roomed House, Granary, 23x30; 3 stables, 20x30, 16x25, and 14x30; Hen house, 12x18, and Pig Pen, 22x36.

The District School is only 100 yards away and within a 5-mile radius there are no less than 11 churches of different denominations.

Timber is plentiful and water is good, the well never being known to fail, while coal can be dug in the backyard.

Beverly Heights is Edmonton's most beautiful Residential Section. It is located in the north-east side, facing the Saskatchewan River, and adjoining Edmonton's city limits, where the greatest development in the history of Edmonton has taken place during the past eighteen months. The entire subdivision is high and dry, commanding a splendid view of the city and surrounding country. It is by far the most picturesque as well as the most delightful place to buy for a home. Close to street cars, churches, stores and schools.

## Millions Have Been Spent

Just think of it! Millions of dollars have been spent in improvement and development work in the vicinity of Beverly Heights. The Grand Trunk Pacific Railroad and the Canadian Northern Railroad are within 20 minutes' walk of Beverly Heights. The big magnificent packing plant of the Swift Canadian Company employing hundreds of men, is just Beverly Heights. This shows the faith and implicit confidence that the big men of the country have in this property when they put millions of dollars in it. Their judgment is good—will you follow the advice of men who know? Grasp this opportunity to buy lots in Beverly Heights now and reap the profits that will surely be made in the next year.

## EDMONTON a Giant City

People from all over the country are buying property in Edmonton—because they realize it is a city destined to surpass all others in Western Canada in commercial and industrial importance. Good people, a rich surrounding country, coupled with transcontinental railroads, make a big city—and we have all this and more, so it is safe for you to buy property in Edmonton—but buy it at Beverly Heights, because it lies in the direction of the greatest development and will increase in value very rapidly. Now listen! The more Beverly Heights lots you own the more independent you will be in a few years.

## Own Property at Beverly Heights and be Independent

Has it ever occurred to you that the majority of people who are independent today took advantage of the opportunity presented to them to buy lots in the big cities when the prices were low? Imagine if you will, the enormous profits that were made by the man who invested a few hundred dollars years ago in Winnipeg, Vancouver and other big cities. Remember, Edmonton is now a beautiful city and is having a more rapid, substantial growth than any other city in Western Canada. The marvelous growth in population, the wonderful railroad construction means increase to the value of your property.
